PORTION OF A HOARD CONTAINING TURKISH AKÇE FROM  
THE 15<sup>TH</sup> – EARLY 16<sup>TH</sup> C. FOUND IN THE AREA OF DUSHEVO  
VILLAGE, SEVLIEVO REGION

Vladimir PENCHEV

*(Summary)*

In 2006, a hoard comprising silver Turkish coins (akçe) from the 15<sup>th</sup> – early 16<sup>th</sup> c. was found in agricultural work in the area of Dushevo village, Sevlievo region. The coins were scattered by their discoverers, so their original number in the hoard could not be ascertained. Most likely it was several hundred. Only 8 pieces of these akçe entered the numismatic collection of the National Museum of History – Sofia. One of them belongs to Sultan Mehmed I (1413 – 1421); 4 coins – to Sultan Mahmud II (1451 – 1481) and 3 coins – to Sultan Bayezid II (1481 – 1512). Obviously the hoard was concealed at a certain point under the reign of Sultan Bayezid II.
